

MEDACCESS AI | INSTITUTIONAL HEALTHCARE POLICY

Official Policy Code: POL-PHARM-2026-V2 | Effective: January 1, 2026

Prescription & Essential Pharmacy Subsidy Policy

CLINICAL CATEGORY

Prescription & Pharmacy Copay

MAXIMUM BENEFIT CAP

INR 75,000 per academic year

1. Policy Overview

This policy guarantees continuous financial assistance for prescription pharmaceuticals, vital chronic medications, post-operative antibiotic regimens, and critical biologics prescribed by verified institutional physicians.

2. Covered Drug Schedules & Therapeutic Classes

- Chronic maintenance drugs: Insulin, oral hypoglycemics, antihypertensives, asthma inhalers, and cardiac medications.
- Acute infectious disease treatments: Injectable and oral broad-spectrum antibiotics, antivirals, and anti-fungals.
- Psychiatric medications: Antidepressants, anxiolytics, and mood stabilizers prescribed by campus counselors.
- Oncology adjuncts and specialized immunotherapy medications.
- Post-surgical wound care supplies and sterile dressing kits.

3. Subsidy Rates & Tiered Reimbursement

Tier 1 (Generic Essential Formularies): 100% subsidy coverage.

Tier 2 (Branded Specialized Therapeutics): 80% subsidy coverage.

Tier 3 (Specialty Biologics & Non-Formulary Drugs): 65% coverage with clinical chief officer review.

4. Fast-Track Optical Claim Intake

Patients may upload pharmacy tax invoices or digitally signed prescription receipts through MedAccess AI OCR intake for instantaneous price verification against standard CGHS/NLEM national drug price caps.

5. Non-Covered Items

Over-the-counter dietary protein supplements, multivitamin gummies without diagnosed clinical deficiencies, herbal cosmetics, and fitness steroids are excluded.
